

NRS 484C.220 Seizure of license or permit; order of revocation; administrative and judicial review; temporary license; sufficiency of notice. [Effective until the date of the repeal of the federal law requiring each state to make it unlawful for a person to operate a motor vehicle with a blood alcohol concentration of 0.08 percent or greater as a condition to receiving federal funding for the construction of highways in this State.]

1. As agent for the Department, the officer who requested that a test be given pursuant to NRS 484C.150 or 484C.160 or who obtained the result of a test given pursuant to NRS 484C.150 or 484C.160 shall immediately serve an order of revocation of the license, permit or privilege to drive on a person who failed to submit to a test requested by the police officer pursuant to NRS 484C.150 or 484C.160 or who has a concentration of alcohol of 0.08 or more in his or her blood or breath or has a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 453A.140, if that person is present, and shall seize the license or permit to drive of the person. The officer shall then, unless the information is expressly set forth in the order of revocation, advise the person of his or her right to administrative and judicial review of the revocation pursuant to NRS 484C.230 and, except as otherwise provided in this subsection, that the person has a right to request a temporary license. If the person currently is driving with a temporary license that was issued pursuant to this section or NRS 484C.230, the person is not entitled to request an additional temporary license pursuant to this section or NRS 484C.230, and the order of revocation issued by the officer must revoke the temporary license that was previously issued. If the person is entitled to request a temporary license, the officer shall issue the person a temporary license on a form approved by the Department if the person requests one, which is effective for only 7 days including the date of issuance. The officer shall immediately transmit the person's license or permit to the Department along with the written certificate required by subsection 2.

2. When a police officer has served an order of revocation of a driver's license, permit or privilege on a person pursuant to subsection 1, or later receives the result of an evidentiary test which indicates that a person, not then present, had a concentration of alcohol of 0.08 or more in his or her blood or breath or had a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 453A.140, the officer shall immediately prepare and transmit to the Department, together with the seized license or permit and a copy of the result of the test, if any, a written certificate that the officer had reasonable grounds to believe that the person had been driving or in actual physical control of a vehicle:

(a) With a concentration of alcohol of 0.08 or more in his or her blood or breath or with a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 453A.140, as determined by a chemical test; or

(b) While under the influence of intoxicating liquor or a controlled substance or with a prohibited substance in his or her blood or urine and the person refused to submit to a required evidentiary test.

The certificate must also indicate whether the officer served an order of revocation on the person and whether the officer issued the person a temporary license.

3. The Department, upon receipt of such a certificate for which an order of revocation has not been served, after examining the certificate and copy of the result of the chemical test, if any, and finding that revocation is proper, shall issue an order revoking the person's license, permit or privilege to drive by mailing the order to the person at the person's last known address. The order must indicate the grounds for the revocation and the period during which the person is not eligible for a license, permit or privilege to drive and state that the person has a right to administrative and judicial review of the revocation and to have a temporary license. The order of revocation becomes effective 5 days after mailing.

4. Notice of an order of revocation and notice of the affirmation of a prior order of revocation or the cancellation of a temporary license provided in NRS 484C.230 is sufficient if it is mailed to the person's last known address as shown by any application for a license. The date of mailing may be proved by the certificate of any officer or employee of the Department, specifying the time of mailing the notice. The notice is presumed to have been received upon the expiration of 5 days after it is deposited, postage prepaid, in the United States mail.

NRS 484C.230 Hearing by Department; additional temporary license; judicial review; cancellation of temporary license. [Effective until the date of the repeal of the federal law requiring each state to make it unlawful for a person to operate a motor vehicle with a blood alcohol concentration of 0.08 percent or greater as a condition to receiving federal funding for the construction of highways in this State.]

1. At any time while a person is not eligible for a license, permit or privilege to drive following an order of revocation issued pursuant to NRS 484C.220, the person may request in writing a hearing by the Department to review the order of revocation, but the person is only entitled to one hearing. The hearing must be conducted as soon as is practicable at any location, if the hearing officer permits each party and witness to attend the hearing by telephone, videoconference or other electronic means. The Director or agent of the Director may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the requester. Unless the person is ineligible for a temporary license pursuant to NRS 484C.220, the Department shall issue an additional temporary license for a period which is sufficient to complete the administrative review. A person who is issued a temporary license is not subject to and is exempt during the period of the administrative review from the requirement to install an ignition interlock device pursuant to NRS 484C.210.

2. The scope of the hearing must be limited to the issue of whether the person:

(a) Failed to submit to a required test provided for in NRS 484C.150 or 484C.160; or

(b) At the time of the test, had a concentration of alcohol of 0.08 or more in his or her blood or breath or a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 678C.080.

Upon an affirmative finding on either issue, the Department shall affirm the order of revocation. Otherwise, the order of revocation must be rescinded.

3. If, after the hearing, the order of revocation is affirmed, the person whose license, privilege or permit has been revoked shall, if not previously installed, install an ignition interlock device pursuant to NRS 484C.210.

4. If, after the hearing, the order of revocation is affirmed, the person whose license, privilege or permit has been revoked is entitled to a review of the same issues in district court in the same manner as provided by chapter 233B of NRS. The court shall notify the Department upon the issuance of a stay, and the Department shall issue an additional temporary license for a period which is sufficient to complete the review.

5. If a hearing officer grants a continuance of a hearing at the request of the person whose license was revoked, or a court does so after issuing a stay of the revocation, the officer or court shall notify the Department, and the Department shall cancel the temporary license and notify the holder by mailing the order of cancellation to the person's last known address.

(b) The test was performed on whole blood, except if the sample was clotted when it was received by the laboratory, the test may be performed on blood serum or plasma.

2. The limitation contained in paragraph (a) of subsection 1 does not apply to the taking of a chemical test of the urine, breath or other bodily substance.

3. No person listed in paragraph (a) of subsection 1 incurs any civil or criminal liability as a result of the administering of a blood test when requested by a police officer or the person to be tested to administer the test.
